SPRINT 10 - DONE

Add comments to important services

Thursday, April 23, 2026 at 9:04:01 AM

Members (1): JS Jacob Sullins

Services 7/7

- [x] ~~DbLeaseListingRepository~~
- [x] ~~DbListingRepository~~
- [x] ~~DbUserRepository~~
- [x] ~~FileStorageService~~
- [x] ~~GitHubIssueService~~
- [x] ~~MarketplaceMetrics~~
- [x] ~~DbItemListingRepository~~

Add comments to controllers

Tuesday, April 21, 2026 at 12:28:13 PM

Members (1): JM Jabari Mitchell

Updated architecture overview

Wednesday, April 22, 2026 at 9:02:34 PM

Members (1): JM Jabari Mitchell

Updates 1/1

- [x] ~~Updated design image~~

1. Run application on server boot

Tuesday, April 21, 2026 at 1:21:52 PM

Members (1): JS Jacob Sullins

Checklist 1/1

- [x] ~~Add deploy.sh to crontab~~

Add comments to interfaces

Thursday, April 23, 2026 at 9:03:45 AM

Members (1): JM Jabari Mitchell

Interfaces 5/5

- [x] ~~IListingRepository~~
- [x] ~~IItemListingRepository~~
- [x] ~~ILeaseListingRepository~~
- [x] ~~IUserRepository~~
- [x] ~~IFileStorageService~~

SPRINT 9 - DONE

10. As a user I want to rate a seller so other users can see what sellers are trustworthy

Friday, April 17, 2026 at 8:21:26 PM

Members (1): NW Nathanael Wolfe

Checklist 3/3

- [x] ~~1. Design the 1-5 star rating system for completed transactions~~
- [x] ~~2. Create a plan for allowing users to rate sellers only after a sale is completed, ensuring that fake ratings are not created~~
- [x] ~~3. Added rating entities to the application and database as well necessary UI components~~

10. Fix duplicate conversation issue

Friday, April 17, 2026 at 8:21:28 PM

Members (1): PN Palwasha Newell

Checklist 2/2

- [x] ~~If a conversation already exists, then simply append the new messages onto the conversation. If it does not, then create a new conversation~~
- [x] ~~Update the conversation creation logic to check if a conversation already exists for the participants and the associated listing~~

10. As a user, I want to access the application at an easy to remember URL

Friday, April 17, 2026 at 8:21:29 PM

Members (1): JS Jacob Sullins

Checklist 3/3

- [x] ~~Gain access to a cheap domain for us to use~~
- [x] ~~Set up NGINX on the server for a reverse-proxy to our new domain~~
- [x] ~~Create a new Docker compose file to pull the nginx image and run it and the other apps as a container~~

6. As a developer, I want to gain insightful information on how our application is running on the production server

Friday, April 17, 2026 at 8:27:22 PM

Members (1): JM Jabari Mitchell

Checklist 3/3

- [x] ~~1. Enable the Prometheus and Grafana ports (9090 and 3000) on the server to permit access to their applications~~
- [x] ~~2. Within Grafana, ensure its dataset points to Prometheus~~
- [x] ~~3. Create the necessary visualizations within Grafana, using the proper dataset, queries, and visualization options~~

4. Fix bug report feature not working on production server

Friday, April 17, 2026 at 8:27:23 PM

Members (1): JM Jabari Mitchell

Checklist 3/3

- [x] ~~1. Identify the cause of the bug (which was a GitHub token not being accessible from the server. Without the token, the application cannot make requests to the GitHub API to actual submit Issues)~~
- [x] ~~2. Create an environment variable file containing the necessary token~~
- [x] ~~3. Modify the Docker compose file to use the environment variable file, allowing it to have access to the GitHub API~~

SPRINT 8 - DONE

As a developer, I want to implement monitoring and visualization so that I can track application health, performance, and usage.

Friday, April 17, 2026 at 8:27:59 PM

Members (1): JM Jabari Mitchell

Install and configure Prometheus metrics library 6/6

- [x] ~~Create an endpoint to expose application metrics for monitoring tools~~
- [x] ~~Implement custom metrics to track request count, error rates, and response times~~
- [x] ~~Set up Prometheus to scrape the app's metrics~~
- [x] ~~Set up Grafana and connect it to Prometheus~~
- [x] ~~Create dashboards~~
- [x] ~~Test that metrics are being collected and displayed~~

7. As a developer, I want to implement container technology to speed up development and avoid dependency issues

Thursday, April 9, 2026 at 10:16:26 AM

Members (1): JS Jacob Sullins

Checklist 4/4

- [x] ~~Create Dockerfile to build an image containing all of the app's dependencies~~
- [x] ~~Create a compose.yaml file to run our image in a container~~
- [x] ~~Add the metrics container to the compose.yaml to run them alongside the main app container~~
- [x] ~~Research Container technology~~

5. As a developer, I want our testing environment to be consistent with our development environment

Thursday, April 9, 2026 at 10:16:36 AM

Members (1): JS Jacob Sullins

Checklist 3/3

- [x] ~~Modify Playwright UI tests and unit tests to utilize the new containerized app~~
- [x] ~~Modify the GitHub Actions to build and run the container~~
- [x] ~~Ensure the Action runs the Playwright tests against the container~~

3. As a developer, I want our production environment to be consistent

with our development environment

Thursday, April 9, 2026 at 10:16:48 AM

Members (1): JS Jacob Sullins

Checklist 4/4

- [x] ~~Install Docker onto production server~~
- [x] ~~Build and run the app's container on the server~~
- [x] ~~Configure the server to open the container's port~~
- [x] ~~Modify the setup scripts to automate docker installation and container starting~~

SPRINT 7 - DONE

As a user, I want access to a deployed application via a reliable platform

Thursday, April 2, 2026 at 1:37:32 PM

Members (1): JS Jacob Sullins

As a developer, I want to receive GitHub Issue from a GitHub Action if my pushed code fails an automated test

Thursday, April 2, 2026 at 1:40:15 PM

Members (1): PN Palwasha Newell

As a developer, I want to automate the server configuration process so that the application can run on multiple servers

Thursday, April 2, 2026 at 1:38:31 PM

Members (1): JS Jacob Sullins

As a user, I want a bug report page on the ETSU Marketplace site so that I can easily describe issues I encounter.

Wednesday, April 1, 2026 at 2:08:30 PM

Members (1): JM Jabari Mitchell

As a development team member, I want submitted bug reports to automatically create GitHub issues so that bugs are documented and tracked efficiently.

Wednesday, April 1, 2026 at 2:08:23 PM

Members (1): JM Jabari Mitchell

As a developer, I want automated tests for login, registration, and listing creation so that critical user flows are validated.

Wednesday, April 1, 2026 at 2:10:10 PM

Members (1): JS Jacob Sullins

As a developer, I want GitHub Actions to automatically run tests on push to main so that failures are caught early.

Wednesday, April 1, 2026 at 2:10:19 PM

Members (1): JS Jacob Sullins

SPRINT 6 - DONE

3. As a user, I want to scroll thru a listing's images

Wednesday, March 25, 2026 at 9:50:02 AM

Members (1): JS Jacob Sullins

Tasks 3/3

- [x] ~~Modify Details.cshtml to iterate through images~~
- [x] ~~Write JavaScript function for image carousel~~
- [x] ~~Stylize image carousel~~

1. Fix routing with back buttons

Wednesday, March 25, 2026 at 9:50:44 AM

Members (1): JS Jacob Sullins

7. Refactor code for Services/Controllers to be more DRY

Wednesday, March 25, 2026 at 9:50:43 AM

Members (1): JS Jacob Sullins

Tasks 5/5

- [x] ~~Research Generic Repository Patterns~~
- [x] ~~Create Base Repository Class (ListingRepository)~~
- [x] ~~Configure Repositories to inherit Base and override methods as needed~~
- [x] ~~Create Base API and View Controller Classes (BaseAPI + BaseController)~~
- [x] ~~Configure Controllers to inherit Base and override methods as needed~~

4. As a student, I want to view a seller's profile to see their other listings.

Thursday, March 26, 2026 at 12:47:49 PM

Members (1): JS Jacob Sullins

Tasks 4/4

- [x] ~~Create User Repository~~
- [x] ~~Create UsersController for profile pages~~
- [x] ~~Create Views/Users/Details.cshtml~~
- [x] ~~Modify ViewModel to include Poster info~~

3. As a user I want to add a username and bio to my profile so that other users can learn more about me.

Thursday, March 26, 2026 at 12:47:44 PM

Members (1): JS Jacob Sullins

Tasks 4/4

- [x] ~~Update ApplicationUser to have Bio property~~
- [x] ~~Scaffold ASP.NET Identity/Account/Manage pages~~
- [x] ~~Modify Manage/Index.cshtml form to accommodate User changes~~
- [x] ~~Modify Manage/Index.cshtml.cs to handle the posted form~~

1. As a user I want listings to support multiple categories so that items can be classified more accurately.

Thursday, March 26, 2026 at 1:05:18 PM

Members (1): JM Jabari Mitchell

Checklist 0/0

6. As a user I want to be able to see messages for an item but I do not want other buyers to see it.

Thursday, March 26, 2026 at 1:05:32 PM

Members (1): PN Palwasha Newell

7. As a user I want to be able favorite listings so I can view them later.

Thursday, March 26, 2026 at 1:05:39 PM

Members (2): NW Nathanael Wolfe PN Palwasha Newell

2. As a user I'd like to mark listing as sold to let users know what items or leases are still available.

Tuesday, March 24, 2026 at 1:46:32 PM

Members (1): PN Palwasha Newell

SPRINT 5 - DONE

5. As a user, I want access to a deployed application

Friday, March 13, 2026 at 11:31:27 PM

Members (1): JS Jacob Sullins

- Research AWS Elastic Beanstalk
- Attempt to deploy using AWS
- If no success, deploy as standalone app to download from GitHub

Tasks 3/3

- [x] ~~Research AWS Elastic Beanstalk~~
- [x] ~~Attempt to deploy using AWS~~
- [x] ~~If no success, deploy as standalone app to download from GitHub~~

4. As a user, I want listings that I create to be tied to my account

Monday, March 23, 2026 at 1:49:44 AM

Members (1): JS Jacob Sullins

- Update classes, repositories, and controllers to adjust for new User to Listing relationship (1:N)

Tasks 1/1

- [x] ~~Update ApplicationUser and Listing class to have 1:N relationship~~

3. As a user, I want to upload an avatar when I register my account

Friday, March 13, 2026 at 11:31:56 PM

Members (1): NW Nathanael Wolfe

- Update User Class, Register HTML Form, and _LoginPartial to support Avatars

Tasks 1/1

- [x] ~~Update User Class, Register HTML Form, and _LoginPartial to support Avatars~~

5. As a student, I want to filter listings by category so that I can browse items more efficiently.

Friday, March 13, 2026 at 7:45:22 PM

Members (1): JM Jabari Mitchell

Tasks 1/1

- [x] ~~As a student, I want to filter listings by category so that I can browse items more efficiently.~~

5. As a student, I want to filter lease takeover requests by category so that I can browse homes more efficiently.

Friday, March 13, 2026 at 7:45:24 PM

Members (1): JM Jabari Mitchell

Tasks 1/1

- [x] ~~As a student, I want to filter lease takeover requests by category so that can browse homes more efficiently.~~

18. Project Foundation & Standards

Create Business Logic for CRUD

Friday, March 13, 2026 at 11:34:22 PM

Create LeaseListingAPIController

Create ItemListingAPIController

Create Listing Repositories

Configure DbContext to handle Listings

Tasks 4/4

- [x] ~~Create LeaseListingAPIController~~
- [x] ~~Create ItemListingAPIController~~
- [x] ~~Create Listing Repositories~~
- [x] ~~Configure DbContext to handle Listings~~

Lease CRUD User Stories

Friday, March 13, 2026 at 11:34:48 PM

As a student, I want to view all active lease takeover requests so that I can browse potential homes for rent.

As a student, I want to edit my lease takeover requests so that I can update the information.

As a student, I want to delete my lease takeover request so that I can remove it when it is no longer available.

As a student, I want to create a lease takeover requests with a title, description, monthly rent, and images so that I can have other students view my request.

Tasks 4/4

- [x] ~~As a student, I want to view all active lease takeover requests so that I can browse potential homes for rent.~~
- [x] ~~As a student, I want to edit my lease takeover requests so that I can update the information.~~
- [x] ~~As a student, I want to delete my lease takeover request so that I can remove it when it is no longer available.~~
- [x] ~~As a student, I want to create a lease takeover requests with a title, description, monthly rent, and images so that I can have other students view my request.~~

Item CRUD User Stories

Friday, March 13, 2026 at 11:35:05 PM

As a student, I want to create a listing with a title, description, price, and images so that I can sell an item to other students.

As a student, I want to delete my own listing so that I can remove items that are no longer available.

As a student, I want to edit my own listing so that i can update item information.

As a student, I want to view all active listings so that I can browse items available for sale

Tasks 4/4

- [x] ~~As a student, I want to create a listing with a title, description, price, and images so that I can sell an item to other students.~~
- [x] ~~As a student, I want to delete my own listing so that I can remove items that are no longer available.~~
- [x] ~~As a student, I want to edit my own listing so that i can update item information.~~
- [x] ~~As a student, I want to view all active listings so that I can browse items available for sale~~

As a student, I want to see listings as cards on the home page so that I can browse items on the marketplace.

Friday, March 13, 2026 at 7:57:08 PM

Members (1): JM Jabari Mitchell

As a student, I want to contact a seller through the platform so that I can ask questions about their lease takeover request.

Friday, March 13, 2026 at 7:57:09 PM

Members (1): NW Nathanael Wolfe

As a student, I want to contact a seller through the platform so that I can ask questions about an item.
